## About Us

We are a long established company in Malta producing processed meat products including burgers, sausages, bacon, mince and ham. Our parent company has been established since 1884 and it is since this time that the company has been involved in the meat trade.

The company which operates from its EU approved plant (MP005) has earned a long-standing reputation as a quality producer of meat products with its esteemed retail and catering clientele.

Today, the Dewfresh brand name has become a household name which is synonymous with high quality and value.
